HARTFORD, CONN. PM

I'll write more af ter Thurs. when my book club has met here. Have been just so very busy! finishing painting of little shutters above fireplace, etc. Also Freddie had rather violent virus this week end (still not right) and we had doctor Sun. AM, so lost lot of sleep. I'll take it easy after Thurs. --I hope for a bit. Freddie is much better but appetite isn't normal. Must take Steve to piano lesson this PM and go to Simsbury for flu shot. This will let you know we are alive.

Love all
